MASTERPLAN

Find your inner peace in a constantly changing world...

Hyde Park has made its home across 6 million square metres in the heart of vibrant New Cairo, flaunting not just its size of acreage, but rather the quality of spaces, designs, landscape and facilities. As one of the largest mixed-use developments in East Cairo, Hyde Park redefines modern-day living standards and introduces new concepts of integrated communities that are nestled within Mother Nature.

Strategically located in the most thriving location in New Cairo, Hyde Park overlooks, both, Road 90 and the New Ring Road. AUC is just around the corner and Cairo International Airport is a short 20-minute drive away. The development is within proximity of the city's bustling streets, yet retains an aura of tranquillity for its homeowners to retire to at the end of the day.

The visionary layout integrates constructions with 377 hectares of mixed-use areas; prestigious

communities are beautifully connected by pathways, tunnels and bridges within a picturesque network of panoramic vistas that flow excessively from the Central Park.

Hyde Park's designated and differentiated residential zones are enclosed within serene landscapes, rich garden pockets and 7 kilometres of walking, jogging and cycling trails, all of which aim to provide a diverse range of park and landscape experiences.
